

Helping to make *my restaurant* real

"I'm always looking for innovative ways to take my business to the next level. I continue to turn to Mike Kochenour, Shawn Stine and the team of Business Bankers at York Traditions Bank who share my vision and commitment to York. I've gained a great partner who is invested in my success. They've been providing tailored banking solutions that are the key ingredients in helping me create a casual upscale dining experience that provides an escape from the ordinary."
